

## **MassPI Statement on Medical Marijuana**

MassPI is a state-wide, non-profit, volunteer organization dedicated to ending needless suffering from persistent and acute pain and to improving the quality of life for all people affected by pain. In May of 2014, MassPI became an independent division of HopeHealth, Hyannis, MA and will continue its work across the state.

MassPI supports all treatments for pain that are legal and provide relief for pain sufferers and knows pain can be devastating to peoples' lives. MassPI does not support one treatment over another but believes individualized treatment should be evaluated and determined based on discussions between health provider and pain sufferer.
